## MOBILIARIO PARA HOSTELERÍA Y COLECTIVIDADES

Nuestro objetivo de servicio y calidad, fundamental en la trayectoria de CROM 2, S.A., se complementa con una apuesta por el diseño, la innovación y la conjunción de diversos productos que nos permiten conseguir nuevas gamas para estar presentes en todas las tendencias que el mercado demanda.

El presente catálogo da cumplida respuesta a un extenso segmento de instalaciones, tanto para la hostelería como colectividades en general.

Fieles a nuestra línea de atención a todos y cada uno de nuestros clientes hemos optado por mantener modelos y tendencias que permitan ampliaciones con modelos tradicionales de acreditada personalidad y a la vez dar alternativas con modelos de actualizado diseño y composición de materiales nobles, respetando las más exigentes medidas medioambientales, adaptables por tanto a los proyectos más exigentes.

Seguimos superando esfuerzos y este catálogo con sus aportaciones debe ser herramienta en nuestra común colaboración.

## CONTRACT AND HOSPITALITY FURNITURE

*Our quality and service aims are combined with our strongest will for design, innovation together with several materials that allow us to create collections to meet all trends that the market demands.*

*This catalogue is a great useful tool to deal with a wide range of hospitality and contract projects.*

*In order to meet with our clients expectations we maintain a great deal of our models so it allows you to extend former projects. On the other hand we propose new models to offer different choices to our clients which are made respecting the environment.*

*We keep on making efforts to meet our quality standards. This catalogue should be a tool to our mutual cooperation.*
